The News.

The Santa Fe mail, with dates to the 8th ult., has arrived. It was rumored at Santa Fe, that a battle had occurred between Lieut. BEALE's Surveying party and the Camanches. Snow was one foot deep from Arkansas river to Walnut Creek. There were rumors afloat of other Indian difficulties, but they were not credited.

Capt. DOBSON, of the barque *Isle de Cuba*, who was arrested on suspicion of being engaged in the slave trade, has been discharged, there being no evidence to convict him.

The special election in the Berks district, Pensylvania, for a member of Congress, to fill the vacancy caused by the resignation of J. GLANCY JONES, has resulted favor of Gen. WM. H. KEIM, the opposition candidate.

A number of interesting items of news will be found in our telegraph column this morning.

There was rather better demand for Flour in the New York market yesterday, while Wheat continued dull and heavy, at unchanged prices. In our own market Wheat continues quiet with a decline extra spring.

Weather cloudy, with indications of a snow storm.

LOST OVERBOARD.—On the 18th ult., Capt. John Sullivan and one of his crew named Thos. Murphy, a nephew of the captain, were lost overboard from the schooner *Amelia*, of Racine, ten miles from St. Josephs. Murphy went to unloose the jib, and fell overboard, and the captain being at the wheel, took hold of a rope and jumped over after him. Immediately afterwards a brother of the Captain, named James Sullivan, seized the former by the collar, from the deck of the vessel, but was obliged to let go of him, and both the former ones found a watery grave.

The *Amelia* was a small vessel and was bought by the Captain at auction, last spring, in this city, for $505. We mentioned the drowning at the time, but did not give the names, which were furnished us by policeman McCarty. The Captain was an unmarried man, and lived in this city, making it his head-quarters at Savage's, in the Third Ward.

HOW TO MAKE A GIRL IRRESISTABLY HANDSOME.—In Cincinnati, the other day, a woman named Madame Bertha Van Griefschinn, was arrested for false pretences. The complainant was a domestic named Barbara Hammond. It appears that Madame advertised for sale, at $2, a recipe which, if faithfully followed up, would "make the homeliest the handsomest." The recipe runs as follows:

"Take half a gill of hyena's blood, the yolks of two ostrich eggs, an ounce of gold dust, and a pearl as big as your thumb nail, dissolve in vinegar. Mix into a paste, and spread upon the face every night before going to bed. The effect will be astonishing."

Barbara, not satisfied with the charms with which nature had adorned her, gave her two dollars and received her recipe. She next set about to seek the several ingredients, but being unable to procure either of the enumerated articles except the vinegar, she unwillingly came to the conclusion that Madame was not what she ought to be, and caused her arrest. Madame, is now in jail.

☞ The arrival at the mouth of Kansas river of twelve Indian families of the Shawnee tribe from Texas, has created some excitement among the settlers on the Shawnee Reservation. There are between 60 and 70 persons in all, and each is entitled to select 200 acres of land now taken up by squatters. This will turn a number of squatters off who have erected cabins and made other important improvements on the land.

EARLY WINTER IN FRANCE.—A correspondent writing from Paris, under date of Nov. 8th, says: "Nothing surprises this country more than the premature winter; some of the large streams in the middle provinces are entirely frozen; upper Alsace, Strasburg and its neighborhood are covered with snow. The "oldest inhabitant" does not recollect so sudden and violent a change from vernal temperature to extreme cold, but the weather, on the whole, is favorable for the grain fields.

A HOAX.—All of the St. Paul papers pronounce the report of the drowning of H. VAN LIEW, while crossing the Mississippi River in a ferry, a hoax. Mr. VAN LIEW was extensively known in this city as a theatre manager some years ago.

A NEW INDIANA SHINPLASTER.—A new issue of this species of currency trash has made its appearance—1's and 2's of the *Hartford Exchange Bank*, Indiana. It is a kind of red dog, red-backed shinplaster, emanating, we believe, from Muncie, in the eastern part of Indiana, and though said to be owned by good parties, should be avoided, as, by a recent decision of the Supreme Court of Indiana, all such private affairs *are void in law.* A few hundred dollars of it was received in a transaction by parties connected with the Terre Haute and Alton Railroad, and by them it is introduced We have no objection to the State banks, nor even the stock-secured banks of Indiana, but do not wish to be cursed with her wild-cats, even in times of scarcity of currency.—*Chicago Journal.*

SUICIDE.—An unmarried man, about thirty years of age, named Joachim Luedeman, was found hanging by the neck in the woods, on the land of Chas. Heberlein, in the town of Barton, yesterday. He hung himself with a shawl, and had evidently been hanging six or eight days, as the body was badly mutilated by the birds—one eye having been pecked out, and the flesh torn and pecked from the nose and fingers. He had evidently tried to kill himself by bleeding, as the arteries of the left arm were cut, and a pocket knife was found on the ground by his side.

G. H. Kleffler, Esq., to whom we are indebted for the particulars, held an examination and inquest upon the body, and the jury brought in a verdict in accordance with the above.—*Washington Co. Democrat, Nov. 29.*

LUCKY.—We hear that one of our industrious but comparatively poor citizens, has had a windfall in the shape of $80,000 in cash, by the death of a relative in Germany, and starts this week to cross the water and get possession of his munificent fortune. If such is the fact, we hope good luck will attend him, and a safe return follow; with a liberal distribution of it after he gets back, as that snug sum would help stop up the hungry cracks all about our city, during the long, cold, and dreary winter.—*La Crosse Republican, Dec. 1.*

The Nicaraguan Expedition Detained.

AUGUSTA, Ga., Nov. 40.

Julius Hess & Co. publish a card to-day in the Mobile *Register*, saying that as the Government has refused a clearance to the Alice Painter, the Nicaraguan emigrant vessel, holders of tickets will be refunded their money.

DETROIT AND MILWAUKEE FREIGHT ROUTE.—The Detroit and Milwaukee Railway Company, we learn from the Buffalo *Courier*, have chartered the propeller *Cuyahoga* to run during the winter, between this city and Grand Haven, across the Lake, as a freight boat. The *Cuyahoga* cleared on Saturday from Buffalo, and she will be here immediately to take her place in the line. By this arrangement our merchants will be enabled to bring their goods through from the East, during the entire winter, with as much ease and speed, and at the *same cost*, as in mid-summer. This is certainly a great advantage to our business men and one which they have never heretofore enjoyed.

Flour, Pork, and even Grain can also be shipped to the East by this route on very reasonable terms, as will be seen by reference to their list of rates. During the past week or two the shipments of Pork alone from this city by this line have averaged 140 barrels per day. The freight on Pork to Hamilton, Toronto, or Buffalo, from this city, is 40 cents per 100 lbs, to Albany, New York, or Montreal, 70 cents, and to Boston 75 cents. The freight on Flour to Toronto or Buffalo is 55 cents per bbl., to Albany 95 cents, and to New York $1 05. There will, undoubtedly be large quantities of Pork and Flour shipped by this route to the East during the close of navigation round the lakes. The passenger boats will probably be enabled to run the greater part of the winter also, connecting with the railroad at Grand Haven for the East.

FAILURE OF BRIDGE BROTHERS.—We regret to announce that Messrs. BRIDGE BROTHERS, Bankers and Exchange Brokers of this city, were yesterday compelled to make an assignment. Their liabilities are not large and will, we are assured, be fully met. The sympathies of a large number of friends attend them in this unlooked-for misfortune.

SIXTH WARD ELECTION—REPUBLICAN TRIUMPH.—The Republican candidate for Councilman, DANIEL DAGGETT, was elected on Tuesday, by 21 majority, over WM. WEDEMEYER, the regular Democratic nominee. Mr. DAGGETT is an old citizen, an honest man and a true Republican.—He will be a valuable accession to the Board of Councillors.

GREAT ATTRACTION AT ALBANY HALL THIS EVENING.—The world-renowned magician, Professor LOVE, whose wonderful doings have created so much of a sensation throughout both this country and Europe, makes his first appearance at Albany Hall this evening, accompanied by Madame LOVE, the distinguished sorceress.—The entertainment will consist in exhibitions of witchcraft, transformation and magical deceptions, and will, undoubtedly, be of a highly amusing and interesting nature. The full programme will be found on the posted bills.

POLICE COURT YESTERDAY.—John Corrigan, intoxicated and disorderly, fined $5.

Chas. McLaughlin, vagrancy, sent to superintendent of poor.

Thos. Graham, vagrancy, sent to superintendent of poor.

John Davis, assault and battery, case dismissed for want of prosecution.

John O'Hearn, convicted of disorderly conduct, and fined $10 and costs.

Thos. Devine, also found guilty of disorderly conduct, and fined $10 and costs.

FOR RENT.—JOHN S. FILLMORE has for rent two nice Cottage Houses on Van Buren street, near Mason street, at $10 per month each. Also a good Cottage House on the corner of Fourth and Sycamore streets, to be rented with the furniture, very cheap; and a good Frame House on Third street, near Spring street, at $12 per month.

Milwaukee Chess Club—Reduction of the Initiation Fee.

The Chess Club is in operation again for the winter. It meets for play at parlor "D," Newhall House, on Monday and Thursday evenings of each week. The initiation fee has been reduced to one dollar, a sum intended to cover the cost of the tables and chess men. The monthly dues from each member are fifty cents, and it is intended, if the number of members should be large enough, to reduce them to twenty five cents. These sums are so small that the club hope that all persons feeling an interest in the game of chess, will join. The club is intended for every grade of players, and for persons desirous to learn. Chess books and chess periodicals are kept in the club room for the benefit of the members, who may have access to them at all times. There are many players and other persons interested in chess, both Americans and Germans, who have hitherto neglected to join. They are invited to lend their countenance to this noble game, and their support to this Milwaukee institution.

It is a prevailing opinion among all persons who are strange to the game of chess, that it is one of the most difficult games in the world to acquire a knowledge of. This is a grievous mistake; on the contrary it is a very easy game to learn; with one lesson any person with ordinary understanding, can perceive its theory at once, and can, in a very short time, become quite expert in this beautiful game. All the ladies in the land are learning this game of games, and it is now introduced into the most fashionable circles. None are considered gallant by the fair ones unless they understand the game of chess. With this view of the matter, we would advise all that intend to keep up with the times, and more especially on the right side of the ladies, to become acquainted with the use of the Queen and the gallant Knights.

Any officer or member of the association will take great pleasure in instructing new beginners. This popular club is composed of our leading citizens. A large number of our lawyers, judges, doctors and divines have also lent their countenance to the club above mentioned, and take a deep interest in maintaining such a desirable association in our midst.

Milwaukee contains some strong chess players. The President of the Club, WINFIELD SMITH, is considered by far the best player in the State. We understand he plays a blindfold game quite as well as if he saw the board. In a game of this kind last winter, he contested the strength of the club, and came off victorious. The next three strongest players are Judge PAINE, the Vice President, EDWARD UPSON, of the firm of STRICKLAND & Co., and the Rev. Mr. DAVIS, of Oconomowoc, who are so evenly matched that it is difficult to say which is the best player.—The Rev. Mr. KEENE, of St. John's Church is also a strong player.

All persons desirous of joining are respectfully invited to call at parlor D, Newhall House, on the evening that the club convenes, or leave their names with E. W. CARPENTER, the Secretary, No. 6, Kneeland's Block, East Water st., who will receive their initiation fee, and give them all the information desired.

An officer of the club informs us that all the editors of the State are considered honorary members of this institution, and are entitled to the privileges of the club, including instructions, &c.

Church and Minister Puffing.

MR. EDITOR:—If there is any one thing that needs a quietus, in this community more than another, it is *Church and Minister Puffing*, through the daily prints. It is to the minds of most people *disgusting*. Take for instance an article in last night's *Wisconsin*, in relation to the donation of the First Presbyterian Church; that Church first reported $120, afterwards $40, and now, $175, including twenty-five cords of wood, given by Company "A," Light Guard. I think it has about as much to do with the collection of that Church as the benefit at Johnson's Atheneum.

I do not single out this church because it is the only one guilty of such nonsense. I am told that another minister has been puffed so much that it made him sick; and then an article like this, a certain church having set apart a pew for strangers, just as if no other church entertained strangers; and then another church has got an organ, and everybody is advised to go and hear a great master play upon it the next day (Sabbath); and then Rev. Mr. so and so had a watch presented to him. Now these articles may sometimes appear from good motives, but in most cases it is to try and outshine their neighbors. I do not believe there is a minister in this city that wishes, or ever has wished his name to be put in print in the shape of a puff, but it is done by some over-zealous member of the church or congregation. As a reader of all the English daily papers I will say, I have no objection to having churches advertised, but let them be put in the advertising columns.

ANTI-PUFFERY.

A GOOD WORD FOR MILWAUKEE BEEF.—The New York *Corn Exchange Reporter* of Saturday, in its article upon cattle and provisions, alludes in deservedly high terms to our Milwaukee beef, and pays a well-merited compliment to the enterprising firm of LAYTON & PLANKINTON. It says:

The number of cattle packed thus far at the West is about double that of the corresponding date last year; the packing season, however, is now about over, and the superior quality, and the low rates current for it, are causing it to attract very general attention. The beef packed at Milwaukee this season is really unsurpassed—especially the mess put up by Messrs. Layton & Plankinton; it compares favorably with our Fulton market beef, and is a credit to that young and vigorous State, Wisconsin.

THE DRY GOODS GIFTS.—The gifts now being distributed by Messrs. ADLER, NEWBOUER & Co. amongst their customers, are creating considerable excitement amongst the ladies. Yesterday, a young lady of this city, named Miss LAMONT, was the fortunate drawer of the following articles: A sett of needlework, a Delaine robe, and an elegant silk dress, valued at $25.—The gifts are all to be seen in the store. Every purchaser to the amount of $5 is sure of drawing something. The distribution of gifts will continue 15 days from the 1st.

POPULAR RESORT.—CHARLEY CUNNINGHAM'S Dining Saloon, near the Milwaukee and Mississippi Depot, is one of the most excellent places of resort in the city, and we are pleased to notice that he is receiving that share of public favor which the merits of his establishment so richly desert. He has recently re-fitted the Saloon in a manner to render it neat, capacious and comfortable. We know from personal knowledge that he furnishes as good meals as can be found in any place in Milwaukee. A free lunch is served up every day in his Saloon, thus rendering his establishment an invaluable desideratum to those doing business at the M. & M. depot. CHARLEY is deservedly popular with everybody, and we commend his Saloon to the favor of the public. Go there and you will be satisfied of the truth of our assertion. dec2h 473d2t

Common Council Proceedings.

MAYOR PRENTISS PRESIDING.

The Board of Aldermen held an adjourned meeting Tuesday evening, His Honor the Mayor, presiding.

Ald. Phelps moved to reconsider the vote by which the Board of Aldermen refused to concur with the Councillors in passing the account of the late Frederick Starke, for docking the Milwaukee River, which was agreed to, and the resolution read by the Clerk, the substance of which is to pay the legal representatives of Frederick Starke the sum of $1,185 in warrants on the Treasury, that being the amount of his account against the city.

Ald. Phelps said it was acknowledged that the account was justly due the widow of Mr. Starke, but the Board had disagreed as to whether it was chargeable to the Second and Third Ward funds or the general city fund. Mr. Phelps was satisfied it was chargeable to the Wards and he moved to amend by adding to the resolution the words, "chargeable to the several Wards where the work was done." After some further discussion the bill was allowed, and the resolution adopted with the amendment of Alderman Phelps.

The chair presented to the Board a summons and declaration in favor of Messrs. La Fevre & Greene against the city, which had been served upon him that day. The plaintiffs claim to be the assignees of Margins & Mitchell, on a demand due them on work on the Seventh Ward School House, to the amount of $322; on the recommendation of the Mayor the matter was referred to the City Attorney.

Alderman Plankinton moved to take up the bills reported back without action by the Committee on Schools, at the last meeting; which was agreed to. Alderman Plankinton then said that the School Commissioners had no right or authority to order the articles charged in these bills without the sanction of the Common Council, and spoke at some length upon the impossibility of finding funds to pay these School bills.

The bills were then read by the clerk, and after much discussion, the following were laid upon the table:

Bill of Bradford Brothers for Second Ward School,	$969 25
Bill of Bradford Brothers for Fourth Ward School,	90 85
Bill of N. Brick, for Third Ward School,	26 00
Bill of Noyes, Flertzheim & Co for Third Ward School.	20 00
Bill of Edwin Rabjohn for Seventh Ward School,	573 24
Bill of Babcock Brothers Second "	223 45
" " " for discount on city orders,	820 57

The following bills were allowed:

Bill of C. Preusser, Ninth Ward,	$7 00
" " " "	7 00
" Matson, Loomis & Hoes, 9th Ward,	14 00
" Caswell & Gaylord, Eighth Ward,	16 66
" Van Weston, Ninth Ward,	15 89

The account of Frederick Feodish, for filling 971 cubic yards of earth on school lot No. 9, block 9, Vliet's addition, Ninth Ward, at five shillings per yard, amounting to $644 90, the committee reported to allow at $132 30, making the charges 15 cents a yard for 842 yards, and 20 cents for 80 yards.

Alderman De Vos said he considered the amount charged too high, but the committee had fixed the price altogether too low, and moved to allow the bill at 40 cents per yard.

Alderman Plankinton thought 15 cents sufficient and moved to allow the bill at 20 cents per square yard.

Alderman Niedermann moved to allow it at 25 cents.

Alderman De Vos motion to allow the bill at 40 cents was lost, when the motion to allow the bill at 25 cents was taken up and carried by the following vote:

Ayes—Carroll, De Vos, Doneman, Keough, Niedermann and Plankinton.

Noes—Lindwurm and Phelps.

The bill of P. Schmeling for gas fixtures for Second Ward School, $279,37; another of the same kind for Seventh Ward School, amounting to $39,25, on motion of Alderman Phelps, were postponed until the next regular meeting, for further consideration.

Alderman Keogh, from committee on printing, reported in favor of allowing the account of the Daily *News* at $1,858 64, being the balance remaining due, after deducting $800 already allowed.

The Chair said the question would be on concurring with the Board of Councillors on allowing the account as passed by that Board. The question was then put and carried by a unanimous vote.

The account of W. S. Trowbridge, (Fourth Ward,) Hackot & Dwyer, (Third Ward,) at $15,80, and P. V. Deuster of the *See Bote*, for printing, $469,68, were reported favorably upon by the respective committees to whom they had been referred, and were allowed.

Alderman Donsman moved to take from the table the resolution and amendment "to provide a suitable house and lot for Engine Company No. 7, which motion was carried by a vote of 6 to 3, when Alderman Phelps moved a call of the house.

Alderman De Vos said it was obvious that there would be much opposition to the resolution, and that a long debate would ensue. He therefore, moved that the Board adjourn to the next regular meeting, which motion was carried and the Board adjourned accordingly.

GLEASON'S NEW WEEKLY LINE-OF-BATTLE SHIP.—F. Gleason, Esq., that prince of editors and publishers, is again in the field. His well earned popularity is a sufficient guarantee for the success of his new enterprise, which can only be fully appreciated when its virtues become known. The *Weekly Line-of-Battle Ship* is destined to become the paper of the age. It will be the receptacle of everything which has a tendency to amuse or instruct, and will contain a "feast of reason and flow of soul" which has characterized all his former publications. It will be beautifully illustrated by the best artists in the country, and in point of talent, beauty and popularity, will be second to none in the world. Every person, therefore, who desires a good family paper—a paper calculated to dispel the *ennui* of the coming winter evenings—should subscribe for the *Weekly Line-of-Battle Ship.*—*Belfont, Pa., Democrat.* nov27daw1t

LATEST NEWS!

BY MAGNETIC TELEGRAPH

Later from Santa Fe.

ST. LOUIS, Dec. 1.

The Santa Fe mail with dates to the 8th inst., reached Independence on the 28th inst.

The conductor reports snow a foot deep, from Arkansas River to Walnut Creek. Weather very cold, and roads in bad condition.

A letter from Mr. Crenshaw, one of the contractors for the route between Independence and Stockton, Cal., states news reached Santa Fe of a battle between Lieut. Beale's party of surveyors and the Camanche Indians.

Fears were entertained that the mail from Neosho to Albuquerque, was lost. No particulars of the fight given. No newspaper mail had arrived, but private letters say no news of importance had reached Santa Fe, from the Navajo country.

The St Joseph *Gazette* learns from a private letter from Santa Fe, that the Navajo Indians had attacked Fort Defiance, and were repulsed with a loss of ninety killed. Four of the troops were killed.

This is probably an exaggerated account of the skirmishing in the vicinity of Fort Defiance, reported by the mail of Nov. 1st. The California mail left Santa Fe for Stockton, on the 25th of October, in charge of 14 men. Fears were entertained by the returning mail party that the route may be cut off, as the Navajo and Digger Indians are hostile.

Later from Utah.

ST. LOUIS, Dec. 1.

The Utah mail has arrived. The severe weather has seriously retarded trains on the route.

Two men have arrived from the Kansas gold mines, having in their possession about $500 worth of gold dust, obtained while prospecting last summer. They give satisfactory statements of the richness and extent of the gold deposits, and report discoveries of platinum by the Kaw Indians, who refused to divulge its location, which is supposed to be on the Smoky Hill Fork of Kansas.

A number of persons squatted yesterday on the military reserve, adjoining Fort Leavenworth. The lumber and other obstructions placed on the ground were promptly removed by Captain Van Vliet.

From Kansas—Conservative Convention.

LEAVENWORTH, Nov. 26.

Via U. S. Express to Booneville, Nov. 30.—A Territorial mass convention of the conservative element, for the purpose of organizing an opposition party to the Republicans, assembled in this city yesterday. The attendance was numerous, though but six counties were represented. A thorough re-union and re-organization of the democracy was advocated, and hotly debated—a strong minority characterizing such action as premature. The discussion was maintained with vigor, and able speeches were made on both sides. The convention did not limit itself with regard to Presidential candidates, though a strong Douglas tendency prevailed.

J. Glancy Jones' Successor.

READING, PA., Nov. 30.

The election to fill the vacancy in Congress, caused by the resignation of J. Glancy Jones, took place to-day. There is little doubt but that Gen. Wm. K. Keim, Opposition, is elected.

New York Matters.

NEW YORK, Dec. 1.

There was a respectable, but not by any means a large meeting at the Cooper Institute last evening, to further interests of the new People's College, at Havana, in this State, W. C. Bryant presided, and speeches made in favor of the College by Hon. Schuyler Colfax, of Indiana, Rev. Drs. Cheever, Peters and Dr. A. D. Smith.

Washington Matters.

NEW YORK, Dec. 1.

Mr. Forsyth was present to-day, with the Cabinet, and gave an interesting detail of Mexican affairs.

Ex-Secretary Guthrie has been tendered the Presidency of the Southern R. R. in Texas.

South Carolina U. S. Senator.

COLUMBIA, S. C., Nov. 30.

No choice was made of U. S. Senator, by the Legislature to-day. At the last ballot the name of Mr. Rhett was withdrawn, when Lawrence M. Keitt was put on the course. The vote for Mr. Keitt was only 21, while that for Ex Gov. Adams was 42.

COLUMBIA, S. C., Nov. 1.

The Legislature is engaged in a tangled contest in regard to the re-opening of the slave trade. The supporters and opposers of the supremacy of Congress in the matter, are both sanguine as to the result. The contest enters into the election for Senator and Governor. The counsel for the defence to-day filed a petition in the federal court for the discharge of the prisoners in the slaver Echo case.

Execution.

EAGLE BRIDGE, N. Y., Dec. 1.

Martin Wallace, who murdered McEntel, on the 16th of February last, near this place, was executed to-day at Salem, Washington county, N. Y.

NEW YORK, Dec. 1.

The steamer Bavaria, which sailed Friday for Southampton and Hamburg, took out 117 passengers.

BOSTON, Dec. 1.

Capt. Dobson, who was arrested on suspicion of being engaged in the slave trade, as master of the bark Isla de Cuba, has been discharged, the evidence having been adduced of his innocence.

READING, PA., Dec. 1.

The majority for Gen. Wm. H. Keim will probably reach four hundred in this city.

THIS MACHINE is of recent invention, and surpasses all others in use for its perfections as a thorough Separator and Scourer. It has given entire satisfaction in New York, Pennsylvania and other States where it has been introduced, and we are confident it is better adapted to the cleaning of Western grain than any other ever introduced into this State. It is fire proof, not liable to get out of repair, requires but little power to run it, and the scouring cylinder so constructed as to render it unnecessary to be renewed for years. We respectfully invite all Western Millers to give us a call, and examine our machine, at the Bay State Foundry, Florida st., Milwaukee, Wis. feb10f976dly

Charter Amendments—The Convention.

When our Charter Amendments, after a hard struggle, were passed by the last Legislature, a clause was added providing for a City Convention to frame a new Charter, to be submitted to the People, and, if approved by them, enacted by the Legislature. The Convention was duly chosen some three months ago; met, organized, and proceeded to business. After a brief discussion the duty of preparing a new charter was devolved upon a select committee, and the Convention adjourned to await the result of the committee's labors. That result, it seems, is not yet forthcoming, and the public are getting impatient at the unexplained, and seemingly unreasonable delay. In about five weeks the legislature will assemble and, as the session is expected to be a very short one, the new Charter should be ready for their action early in January. But the Convention have to pass upon it first and the People afterwards; and neither the one, nor the other can be expected to do this in a day. We call upon the Select Committee, therefore, who have charge of the business, to hasten their steps a little, and get out the new Charter before the middle of this month. Surely they have had time enough for the work.

Legislative Offices.

In the course of some remarks upon the Legislative Offices to be filled this winter, the *Free Democrat* well says:

The constitution prescribes a Chief Clerk and Sergeant-at-Arms as the elective officers of each house. These officers stand at the head, and represent the two distinct duties necessary for the movement of the two bodies while in session, and they ought to be entrusted with all the details and subordinate duties pertaining to their respective departments. They should have reasonable pay for the performance of all the duties belonging to their departments, be subjected to the supervision of the Legislature in the performance of those duties, and be required to hire their own help, and pay for it themselves.

Year after year we have endeavored to impress similar views upon each Legislature as it assembled at Madison, but we are free to say that our success has not been flattering. Whether Democrats, or Republicans were in the ascendant, the practice of multiplying subordinate offices about the Capitol has been very much the same.

At least *one third* more Clerks, Door-keepers, Assistant Sergeants at-Arms and Messengers are annually employed and paid by the State, than there is any necessity for. The chief source of the trouble is, that almost every Member comes to Madison with one or two poor, but doubtless deserving friends, whom he is especially anxious to help; and too often the vote of a Member for Chief Clerk, or Sergeant-at-Arms, depends upon the condition that the candidate, if successful, will take care of the Member's friend. Then, again, there is a small regiment of professional office-seekers at Madison who make it a business to live on the State, in some way, while the Legislative session lasts.

We trust that our Republican Legislature will turn over a new leaf this year and reform practice altogether. Let them select the most competent and deserving men for Chief Clerk and Sergeant-at-Arms in each House, pay them liberally for their services, and *there stop*, leaving to the officers so chosen the entire responsibility of selecting and paying whatever assistants they may require. If this is done, our word for it that the Legislature will be well secured and at *half the cost* of previous sessions.

A Year of Panic.

The cause of the commercial panic of 1857 8 is still an unresolved problem. Speaking of it the New York *Economist* says: "In the United States the whole number of failures brought about by a demand of 'instant settlement, inaugurated by the New York banks, which contracted $27,000,000 in six weeks, did not much exceed those of ordinary years, and included no heavy banking institution except that of the Ohio Life Trust, which was owing to individual folly, to use no harsher name, rather than to general causes. Many rotten firms went down like that of Lawrence, Stone & Co., whose debts are $5,000,000. In England three rotten banks collapsed under most disgraceful circumstances; but what are these cases proportioned to the vast commerce of the two countries? France and Northern Europe were badly scared for fear that the United States were not going to pay.—They have now recovered their tone and their money."

Speaking of the ulterior effects of the panic and the stoppage of credit and of business, the same authority says:

The fears were that the people could not pay. As a whole, it may be said, that all have paid — If the cause of the panic was groundless, its consequences have been but too real, since it suspended the productions of wealth, and by keeping idle the thousands who should have been employed, has made a difference probably of $200,000,000 in the wealth of the United States. In cotton alone the production fell off 300,000,000 yards of cloth, worth $24,000,000, and the discharged hands lived on their savings. In every branch of industry—shoes, hardware, hats, clothing, mines, ships, houses, roads—similar results manifested themselves. Persons who produce nothing must consume less, and traffic shrunk up, as a matter of course, and the country, at the end of the year, was poorer by an immense sum of money. These were the results of panic making and gambling for a fall in stocks in 1857. Companies were swindled for the purpose of causing a fall in the stock, and the fact of the swindle was betrayed by the perpetrators to a confederate press, which sounded the alarm, while it participated in the resulting profit and glorified itself as a prophet. Six months of such operations produced in New York that alarm which in dilating circles spread over the commercial world, paralyzing industry and leaving accumulated capital unemployed at low rates.

AN OPPOSITION JOURNAL.—The *Sentinel* is opposed, first, to State assumption, second to repudiation and third, to paying the interest on the bonds issued to aid railroad companies.—*News of yesterday.*

The *News* is unquestionably right as to the first two counts in the above indictment and wilfully wrong as to the last. The *Sentinel* is equally "opposed" to assumption and repudiation and decidedly in favor of paying both principal and interest of *all* our City bonds.

FOUR NORTHERN DISTRICTS.—The severe storm that prevailed in the Northern portions of Illinois on election day, reduced the Republican vote not less than ten thousand, and the Douglas vote perhaps one-third as much. In the southern counties the day was fair and a full vote was cast. Yet the four Republican Congressional Districts polled 15,770 more votes than the five Douglas districts, as a comparison of the total vote in the different districts will show, viz:

Republican Districts.		Douglas Districts.	
1st District,	23,638	5th District,	25,681
2d do	35,696	6th do	28,112
3d do	33,629	7th do	25,884
4th do	36,900	8th do	20,098
		9th do	18,816
Total,	133,863	Total,	118,093

Excess in the Republican districts, 15,770.

Here is nearly sixteen thousand majority of the votes of the State cast for four out of the nine members, showing that at least 100,000 of the people of Illinois are inevitably disfranchised, or without representation. It was the operation of this same discrimination in favor of the Southern counties over the Northern that cheated Lincoln out of an election and the Republicans out of a Legislature and a U. S. Senator.—*Chicago Tribune, Nov. 30.*

The New County Buildings.

MR. EDITOR:—The question of erecting New County Buildings having been recently agitated again, and the County Board of Supervisors, at a late session, having passed a resolution directing the location of the new buildings at some point "west of the Milwaukee and north of the Menomonee Rivers," and also authorized an issue of twenty five thousand dollars of county bonds, to be used in the purchase of the new site, without authority of law, as I view the matter, it has consequently become an important question for the consideration of the tax payers whether any further proceedings shall be taken for a removal until further action by the Legislature of the State.

In January, 1855, the same matter was discussed in the County Board, and I then wrote a communication for your paper which was published; giving a brief history of the Court House property and the laws in relation to the removal, or erection of new buildings, upon any other site, than the one upon which they now stand.

I send you the communication referred to, for re-publication, believing that it covers the whole ground in relation to the contemplated removal. P.

The New County Buildings.

Messrs. Editors:—As the Board of Supervisors of this County are contemplating taking the requisite steps, near the close of their term of office, for the location and erection of new County Buildings, it may not be amiss to state the position in which the County stands, in relation to the Lots on which the Court House is now situated, and also the Lots on which the Jail and County offices have been erected by the County. The present Board, as I understand, claim the right to change the site, and fix a new County Seat, under an act of the Legislature passed last winter, and one question to be considered is, whether the power thus conferred on the County Board of Supervisors, ever existed with the Legislature? This, however, I will not discuss, until we have seen how the title stands to the Court House property. Lots 2 and 3 in block 71, on which the Jail and brick offices are situated, were purchased by the County of Mr. Elisha Eldred, and are consequently the property of the County. Lots 4 and 5 in the same block, which is the Court House site, with the Court House thereon, were conveyed to the County on the 12th of January, 1837, for one dollar consideration, by Solomon Juneau and wife, and Morgan L. Morgan, "to be used by the said County for *public purposes*," with the following proviso in the deed:

"Provided always that if the said premises hereby conveyed shall cease to be used for public purposes, as aforesaid, and the Court House in and for said County of Milwaukee, shall be established upon any other premises, than those hereby conveyed, then these premises shall be void, and the premises hereby conveyed, shall revert to the persons who would be entitled thereto, in case this deed had not been executed."

It is therefore very clear that the County cannot hold the Court House site for any period longer than they are occupied for the purposes expressed in the deed.

The Select Committee of the Board of Supervisors in their report, under date of January 3d, take the ground, that a location for the new buildings on block 76 in the Fourth Ward, with about three acres of ground, can be obtained for less money than the present buildings and the lots on which they stand will bring at public auction; thereby giving the public to understand, that the County owns all the Court House property, and can cease to use, and sell the same at any time the County Board may see fit.

This is evidently a mistaken view, so far as it relates to lots 4 and 5, as the proviso in the deed passes the property back to Juneau and Martin, or their assigns the moment the County ceases to use it, *for the purpose* expressed in the conveyance. This committee also take the ground, that by the authority conferred by the Legislature, the Board can select a *new site*, and cause buildings to be built thereon for the use of this County. This is quite doubtful at least, as the Legislature, under the Constitution, has no power to remove a County Seat, until the point to which it is proposed to be removed, shall be fixed by law, and appointed by the voters of the County.

The provision in the Constitution is in these words: "No County seat shall be removed until the point to which it proposed to be removed shall be fixed by law, and a majority of the voters of the county voting on the question, shall have voted for the removal to such point." The Wards in this city, are made Towns by the City Charter, so far as relates to a representation in the County Board, and for all County purposes whatever; and it is therefore quite evident that the County Board of Supervisors of Milwaukee County have no control over the matter of changing the location of the County Buildings from their present site, until the provision of the Constitution on that subject is fully complied with. THE MORTARA CASE.—The following letter, addressed by the Secretary of State, to a leading Israelite in Philadelphia, gives the reason why our Government declines to interfere in the Mortara abduction case:

DEPARTMENT OF STATE,
WASHINGTON, Nov. 21, 1858.

To Mr. A. Hart, President of the Congregation "Mickve Israel," Cherry street, Philadelphia.

SIR—I have received and submitted to the President your letter of the 15th inst., respecting the alleged forcible abduction from his parents of a Jewish child, by the public authorities at Bologna, in the papal dominions, and asking some expression of condemnation on the part of this government.

This occurrence took place within the territories of an independent power, and without affecting the rights of any American citizen. It is the settled policy of the United States to abstain from all interference in the internal concerns of the country.

Certainly, there is nothing in the circumstances of this case, as they are reported, which would impose this reserve upon the government. But it is deemed proper to adhere to the established principle which has heretofore regulated its conduct in its intercourse with other nations.

I am, sir, your obedient servant,
LEWIS CASS.

It is to be regretted, we think, that our Government did not at least signify to the American Representative at the Papal Court their cordial concurrence in the view taken of the case by the leading powers of Europe. We observe that the committee of the London Protestant Association have presented a memorial to Lord MALMESBURY praying that it "may be considered in what manner the influence of British Government, exercised so often with success in defence of civil and religious liberty and the rights of the oppressed, may be now exerted for the restoration of the child, EDGAR MORTARA, to his parents at Bologna, and that steps may be taken accordingly."

THE MORTARA CASE.—The following is the account given by the mother of the Jewish child MORTARA (aged six years and some months,) when after repeated solicitations she was permitted to see him on the 11th of October:

"This morning I and my husband went to the Catechumens, and they told us that the rector and my dear child had just arrived; we mounted the flight of steps, and very soon after that we had our darling Edgar in our arms. As for me I kissed him over and over again, weeping and sobbing; whilst he answered my kisses and embraces with his whole soul; greatly excited and shedding tears, the little fellow struggled between his fear of those who have him in their power and his immense love for us, but this at last triumphed. He cried out quite loud that he wanted to go home with his parents to his brothers and sisters. I told him to remember that he was born a Jew as we were, and that it was his duty to always remain one. He answered, 'Yes, dear mamma, I shall always take care to say the Sherman every day.' I added, that we had come to Rome to see him again, and that we should not leave the city without him, at which he appeared glad and happy. All this took place in the presence of the rector and of his brother and sisters."

SENSIBLE.—They are not all "Fire-Eaters," or "Disunionists" at the South, though too many of the ambitious Democratic leaders are so.—The Petersburg, (Va.,) *Intelligencer* says of JEFFERSON DAVIS' fanatical and treasonable speech, which the *Union* so much admires:

We dissent altogether from the Senator Davis idea that it would be the duty of Mississippi to provide for safety outside of the Union before an Abolition President shall officially commit an *overt act* invasive and destructive of her constitutional rights. * * * *

We will be willing and prepared to give him a fair chance and to wait until he is guilty of an act worthy of Southern indignation and repudiation before we counsel a Southern State to seek or provide for her safety outside of the Union."

The Assumption Scheme.

To the People of Wisconsin:—Some of you are doubtless aware that the Constitution of our State contains the following provision:

"The credit of the State shall never be given or loaned in aid of any individual, association or corporation.

For the purpose of defraying extraordinary expenditures, the State may contract public debts; but such debts shall never, in the aggregate, exceed one hundred thousand dollars."—*Article 8, Sections 3 & 6.*

Sections 3 and 8 of article 12, of the rejected constitution of 1846, contain the same provision; and severely as that instrument was criticised, I believe not one syllable was uttered or written in opposition to these safeguards against the plunder of your pockets and encumbering your estates by speculators in legislative virtue.

In the convention of 1847, which framed the constitution under which we live, Byron Kilbourn, of more recent notoriety, was chairman of the committee on finance, &c., and reported the article from which I first quoted. In the original draft, the limitation of the State debt was fixed at $200,000. When the article came before the convention for consideration, Mr. Kinne moved to strike out $200,000 and insert $100,000. Mr. Kilbourn, as the exponent of the views of the committee, stated that they were aware that $100,000 was the limitation in the rejected constitution, but it had occurred to the committee that contingencies might arise when the sum would be too small, and it was to provide for such contingencies that they had increased the amount.

Mr. Chase supported Mr. Kinne's amendment. "He thought the debt contracting power a very dangerous one to be tampered with. A debt of $100,000 was quite as much as ought to be incurred; and it was unsafe to provide against contingencies which would so rarely occur."

Mr. Kinne said, "If the object of the gentlemen in urging the retaining the larger sum, was to enable the State, at some future time, to contract debts for internal improvements, or if it was to carry out the old theory that a public debt was a public blessing, he thought the convention was not prepared to agree with them. * * * * *

He knew it was quite consistent with a general banking system and banking privileges, that there should be a public debt—that *a debt of several millions hanging over a State, was very convenient for carrying out the views of those who were in favor of banks.*

Mr. Kilbourn disclaimed any intention to provide for internal improvements. He said, "the only object in raising the sum to $200,000 was to enable the Legislature to meet and provide for extraordinary contingencies."

The amendment was adopted by a vote of 37 to 24.

[See Journal and debates, pp. 195, 203, 204.]

I have referred to the proceedings of the convention that formed our constitution, to show you, dear people, how your representatives in that convention regarded your sentiments on this subject. No one proposed to fix the limitation above $200,000, and no one insinuated that a debt of any amount whatever for purposes of internal improvements, would be tolerated by you for one moment. And you may thank your wits that such were your sentiments then, and that your representatives were made to understand them distinctly; for as true as the report of the Land Grant Committee, had it not been for that limitation, you would by this day have been saddled with a debt of twelve or fifteen millions, on which you would have been paying an annual tax of about one million of dollars.

And now hearken ye People! You are about to be called upon to unlock the door and throw it wide open to public plunderers; but before you do it I beseech you to hear me a few words as to what you will be called upon to do; and pray don't mention my name if you know it, nor guess at it if you don't; for should they find out who I am, I might be put under "*bonds*" to hold my peace. The Captain of a Vessel Shot by a U. S. Deputy Marshal.

This morning about 1 o'clock, Capt. Henry Jones, of the brig *Concord*, owned by H. N. Gates, of Cleveland, was shot by U. S. Deputy Marshal William Tyler, of this city, while attempting to serve a process. The facts of the case, as we learn from authentic sources, are these:

The brig was libeled in a suit brought by the owners of the propeller *Gen. Taylor*, claiming $5,000 damages growing out of the recent collision between the two vessels. An attachment was issued by the U. S. District Court in this city and placed in the hands of Mr. Taylor with instructions to serve it, some time since, but the vessel had been enabled successfully to dodge it up to this last attempt.

On Saturday, Marshal Bagg dispatched a tug with Mr. Tyler and five assistants to Port Huron, where it was understood the brig was lying, bound down, with instructions to serve the process. The vessel was lying, it is said, fastened to the Canadian shore in the bend of the river above Port Sarnia, and was therefore legally out of the jurisdiction of the U. S. Court.

During last night, we are informed, the lines were cut and the brig drifted into the stream and came to anchor. About 1 o'clock the tug came alongside, and, under the practice of the Court, she being then within the reach of process, although still in the Canadian channel, Deputy Marshal Tyler boarded her. As he reached the top of the rail, Capt. Jones came up within reach of him, on the deck. Mr. Tyler said, "I am a U. S. Marshal and have a process to serve on you," at the same time holding the writ in his left hand. Capt. Jones replied, "Come on, Bill, I'm ready for you and will split you open," or words very similar, at the same time holding in his hands an uplifted axe as in the very act of striking, and standing within three feet of the officer.

Mr. Tyler took from his pocket a revolver, as he affirms with the sole intention of intimidating the captain, who was thus seriously threatening him. He raised it up, as he declares, with no intention of firing, and it went off. Probably it is difficult to say what he did do in the excitement of the moment, but the fact remains that the pistol was discharged. Capt. Jones stood beneath Mr. Tyler, and the ball struck him somewhere near the side of the eye, and he fell.

The unfortunate man was immediately taken by Mr. Tyler and his assistants to the tug and conveyed to Port Huron and medical assistance procured. Mr. T. then gave himself up to the U. S. Deputy Marshal at Port Huron, who immediately brought him to this city, where he remains under arrest awaiting examination. When they left, an hour after the occurrence, the captain was alive, but it was thought would not survive, although, at that time, no examination had been made of the wound and it was not known what direction the ball took. It is hoped that the wound may not prove as serious as at first apprehended.

3 P. M.—Capt. Jones died this morning and his body was brought down to this city by the boat this afternoon. It is said that he lives about 9 miles from this city on the Gratiot road.

He had recently bought a farm and declared his intention of quitting the lakes after the present season and settling down. He is represented as being ordinarily a quiet, peaceable man.

Whether this is the result of the officer's haste and rashness, or whether the Captain was guilty of resisting an officer in the sworn discharge of an important duty—a fact to be determined by judicial investigation—it is a sad affair, carrying distress into a peaceful family that is painful to think of.—*Detroit Tribune, Nov. 29.*

Indiana Correspondence.

INDIANAPOLIS, Nov. 26th, 1858.

GENTS:—The Hoosier Legislature is "going off" at this time—at least the irregular session called by his Excellency, Gov. Willard. There is, of course, a good deal of interest waked up in our usual quiet city in consequence. The mud and office-seekers are as plenty here as coal and iron in Missouri.

The Legislature has now been in session a week, and have done little or nothing of importance, if I except the passage of a resolution declaring that Bright and Fitch now hold their seats in the United States Senate illegally, and unconstitutionally, and by fraud and usurpation. This resolution passed the Senate on Wednesday, and the House this afternoon, by decided majorities in both cases.

This action undoubtedly seals the fate of these gentlemen, so far as our Legislature is concerned. The Republicans and anti-Lecompton members are holding a caucus to-night, to arrange the programme for future action.

It is believed that they will proceed at once to the election of Senators to succeed Bright and Fitch. Henry S. Lane, the President of the National Republican Convention, which nominated Fremont, and the most eloquent orator in our State, will be one of them, and Judge McCarty, Ebenezer Dumont, or some other good Anti-Lecomptonite, the other. The election will probably take place in a few days—it may be to-morrow.—*St. Louis Democrat.*

MINERS RETURNED.—Messrs. J. A. French, Wm. H. Smith, J. R. Dickinson and Wm. Hurtley returned to this city on Sunday last from the mines. They brought in about $400 in dust—some of their specimens are very fine. They give cheering reports about the mines, corroborating all that we have published heretofore.—They left the mines the first of October, and were thirty-three days in making the trip to Lawrence.—*Kansas City Journal, 23d inst.*

NEW ORLEANS FILLING UP.—The steamer *Morrison*, on her last down trip from St. Louis, carried to New Orleans 1,377 passengers. The occurrence of frost has stopped the ravages of fever, hence the rush.

Our German Population.

The prediction often made in 1856, that the German population of the United States would gradually flock to the Republican banner, is now verified by facts. If we compare the German Republican vote in the Presidential election of 1856 with the German Republican vote in the election of this fall, we must come to the conclusion that a strong and deep current of thoughts and feelings is carrying the Germans over to the anti-slavery side, not in consequence of the noisy agitation of a political campaign, but in consequence of a quiet process of investigation and reasoning. Every German is by nature an anti-slavery man, and, if, nevertheless, a great many adhere to the Democratic party with so much apparent obstinacy, it is because they find it difficult in the noise and confusion of side issues, to harmonize their actions with their innate principles. It must not be forgotten that the German immigrant, who comes here unacquainted with the political history and the language of the country, has to surmount extraordinary obstacles in order to arrive at a clear understanding and knowledge of political questions and to discriminate between appearances and reality. He has at first to rely on what he is told, and so he is liable to follow in the footprints of his countrymen, whom he found here and could boast of some political experience.—But, as soon as he comes to investigate the political questions of the day for himself, and obtains the means of ascertaining by his own investigations the particular principles and merits of the contending parties, the natural justness of his mind will irresistably lead him to the side of true freedom.

It is a noticeable fact, that among the pioneers of the anti slavery cause, German names stand prominent, and wherever the question of Free Labor was brought to a practical issue, the Germans were found in the vanguard of the army of Liberty. Follen, a prominent German in Massachusetts, was one of the first, who were hooted down and persecuted as Abolitionists, the Germans in Texas, were the first who raised the banner of Free Labor there, and even in Missouri, the German Press and German agitators, were among the first who started and supported the Emancipation movement with unflinching zeal and vigor. A large majority of the German immigration since 1848, and especially those who had taken an active part in the revolutionary movements of that period, were led by an irresistible instinct to the Republican side, and are now among the most strenuous advocates of the anti slaverei cause.

The result of the fall election, of this year, proves that the cloud of prejudice which veiled the true principle of Liberty from the eyes of the Germans, has gradually been dispersed by honest and independent investigation. In Chicago, Philadelphia, and Cincinnati, not to speak of St. Louis, where Democratic demagogues had endeavored to degrade the German population to mere tools and voting machines, the German mind has suddenly asserted its independence, and even in Milwaukee, where the yoke of hunkerism seemed to be most firmly riveted on the necks of our German fellow-citizens, Democratic demagoguism has experienced a most signal rebuke. We do not say that all those who administered this rebuke to the aspirations of the sham Democracy, have suddenly become Republican partizans; but we firmly believe that the progress of Republicanism among the Germans, although slow, is sure and steady, and that before 1860, a large majority of the German population will stand on the right side, firmly and unflinchingly. By that time all those Democratic hypocrites, who pretend to be anti-slavery men, while advocating the pro-slavery cause, will be unmasked, and the Germans, as soon as they see on which side the cause of true Liberty is, will show that they understand and appreciate it. LEA & PERRINS'
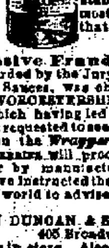
Celebrated Worcestershire Sauce!!



PRONOUNCED BY CONNOISSEURS TO BE THE ONLY "GOOD SAUCE," AND APPLICABLE TO EVERY VARIETY OF DISH.

EXTRACT OF A LETTER from a MEDICAL GENTLEMAN at Madras, to his brother at WORCESTER, May, 1851.
"Tell LEA & PERRINS that their Sauce is highly esteemed in India, and is, in my opinion, the most palatable as well as the most wholesome Sauce that is made."

Extensive Frauds.
The only Medal awarded by the Jury of the New York Exhibition for Foreign Sauces, was obtained by LEA & PERRINS for their WORCESTERSHIRE SAUCE—the world-wide fame of which having led to numerous Foreign imitations, purchasers are requested to see that the names of Lea & Perrins are upon the *Wrapper, Label, Stopper and Bottle*. Lea & Perrins will proceed against any one infringing either by manufacturing, or vending spurious Sauce, and have instructed their correspondents in various parts of the world to advise them of any infringements.

The Gold Fields of the Far West.

The dream of De Soto is at last realized in the gold fields of the far West. Even the fabled waters that would give perpetuity of youth seem disclosed in the sparkling currents whose gathered wealth can add a bloom to the faded brow of beauty, or clothe with comeliness the decrepitude of old age. Multiplied narratives from the trapper who first saw the glitter in the sands to the latest adventurer returning with the yield of a summer's prospecting, all attest the richness and extent of the gold beds formed by the washing of the eastern slope of the Rocky Mountains. Along the banks of Cherry Creek, the Fontaine qui Bouille, the South Platte and smaller affluents in the vicinity of Pike's Peak, surface explorations have shown an abundance of the precious metals mingled with the deposits amply sufficient to repay constant toil, even with the rudest instruments. Further along faint rumors come to us of still more alluring indications upon the western slopes in the Three Parks, and southward among the huge formations that skirt the Rio Bravo del Norte. From research so far made, from geological evidences, from traditionary stories, and remains of a former civilization, we have no room to doubt the general auriferous character of the whole central elevation of the continent. The Sierra San Juan is known to contain a greater variety of precious stones, minerals, salts and earths than any other of the Sierras of the interior. The partial exploration of its treasures prepares us to hear of developments among its gluches unsurpassed in the world.

A recent lecture upon physical geography, delivered by a gentleman better informed of the resources of that region than any other in America, assumes that gold will be found there in solid mass, just as iron is found at the Pilot Knob or Mountain. And we see no reason to doubt it, but every reason to believe it. Still less should we be surprised to note discoveries of the garnet, the topaz, the amethyst, the emerald and the diamond more abundant than those of the great mountain chains of Europe and Asia. In Arizonia the silver mines have already attracted a large attention, and become the object of eager quest, and this is also a part of the same remarkable formation—a formation embracing an area of ten degrees of latitude by six of longitude. Here, therefore, is a field ripe with the harvest, and ready for the gathering. Who shall number all its treasure? How shall we take an inventory of all its wealth? And with the opening new year, when the grass grows green, and nature, assuming there her garment of rare loveliness, shall invite to the exploration, what a scene of adventurous industry will be witnessed in that now silent Territory. More than twenty thousand men will be toiling, digging, searching through every nook of that great volcanic section—climbing the mountains, penetrating the valleys, turning the streams, breaking the rocks, burrowing the earths, polishing the stones, smelting the silver, gleaning the gold from every crevice. The throng of wagons, and accumulation of provisions, and collecting of herds and flocks along the western lines of present settlement, will resemble the outgoing of an army of invasion. The tramp of free labor, as it marches to the conquest of the new Ophir, will be heard above the din of politics, and the restless eye of speculation will wander from government contracts, and Congress lobbying, to watch this exodus to the center—this crusade against the mountains—this evangel to a new commerce.

The West—the far West—the great West, will loom up in the eye of the nation in proportions of immeasurable grandeur. Where the deer and the elk now frequent, cities will spring up within the year rivalling those of the valley, and the Buffalo path will turn into highways for hurrying merchandise. The tradesman who can now scarce get together enough in his narrow home to buy an outfit, will return the millionaire of a new gold field, or the shrewd realizer of bubble town lots. The ox-driver will merge into the proprietor of the express line; the farmer's boy will boast the possession of a rancho with cattle on a hundred hills. Nor will there be wanting dark lines in all this guilded pageantry. The broken gambler, the youth whose bright hope has been extinguished in crime, the impoverished miner, whose "bad luck" has become the proverb of his associates—the husband, the father, the child returning to plant the willow over the graves of those for whose sake he struggled so bravely after fortune—all these mingle in the panorama. And yet the good will surpass the evil, the gladness be greater than the sorrow, the contribution to national progress far transcend the cases of individual suffering. Altogether, it is a contemplation to rouse the spirit and make us proud of our country and our time. What other land can hold out such unspeakable inducement to thrifty toil? And what other age can parallel such irruptions of people hastening to pioneer the wilderness? Such, however, is the coming marvel of the coming year.—*Missouri Democrat, Nov. 25*

The Championship of Chess—Mr. Morphy in Paris.

Mr. Morphy fairly deserves from his countrymen the reward once offered by a Roman tyrant to the inventor of a new pleasure. He has inspired the dullest clubs of his native land with sudden life, and kindled anew on many a domestic hearth the dying fire of home attractions.—The game of chess is fast rising to the rank of a national passion, and nothing but the outbreak of a Mexican war, or perhaps the explosion of those subterranean fires of which the good people of Cardiganshire, in Wales, profess themselves to be constantly hearing the warning thunders from below the Western waves, can interrupt the triumphant career of the "royal game" in this Republican land.

Faithful to our duty as journalists, then, we hasten to lay before our readers the most recent intelligence of the progress which our gifted young champion is making in Europe. To the kindness of Mr. Fiske, of this city, the editor of the only *Chess Magazine* now published in the English tongue, we are indebted for the following scores of Mr. Morphy's game, recently played in Paris. The scores are extracted from the forthcoming number of the Magazine, and were received here yesterday by the Africa. Mr. Morphy made his *debut* in Paris, as our readers know, in a brilliantly contested match with Mr. Harrwitz, the first professional *habitue* of that classic resort. The palm in this contest was to be awarded to the first winner of seven games. Eight games were played, of which Harrwitz won *two*, Morphy *five*, and one was drawn. Small doubt remained of Morphy's success, when Harrwitz felt himself obliged to withdraw from the "passage of arms," by a sudden attack of indisposition. This withdrawal was made, we believe, much more honorable than Mr. Staunton's refusal to engage with the Transatlantic hero; and there is reason to hope that the conflict may yet be resumed.

Besides this game with Harrwitz, the attention of all chess playing Paris has been concentrated on the following series of encounters, constituting, when the force of Mr. Morphy's antagonists, his few years, and the atmosphere in which he made his play are considered, one of the most remarkable tournaments of the kind on record.

Of even games with individuals, Mr. Morphy has played twenty-nine and won twenty-five, viz:

	Wins.		Wins.	Drawn.
M. Baucher,	0	Morphy,	2	0
M. Journoud,	0	Morphy,	12	0
M. Laroche,	0	Morphy,	5	2
M. Riviere,	1	Morphy,	6	1

M. Journoud, the chief sufferer in this tilt, thereupon upon allied his forces with those of M. Riviere (brother of the famous Captain of Zouaves), Mr. Morphy's only successful antagonist, and these two gentlemen, playing together, won from Mr. Morphy a single game. Equal good fortune, did not, however, attend others who ventured upon a similar alliance. Messrs. St. Amant and Lequerne, consulting together, were beaten by Mr. Morphy in two games, and brought two others to a drawn battle. M. St. Amant then found a new comrade in an amateur, with whom he underwent three beatings from Mr. Morphy, without even the consolation of a single "draw." Adjourning then to the palace of Prince Murat, Mr. Morphy measured himself against a series of new antagonists, belonging to the highest rank of Parisian society, the *noblesse des echecs*. We give the record of these joustings:

	Win.		Wins.
Duke of Brunswick, Count Isonard,	0	Mr. Morphy,	5

This was too bad, and a reinforcement was called in:

	Win.		Wins.	Drawn.
Duke of Brunswick, Count Isonard, Count Casablanca,	0	Mr. Morphy,	5	1

Like another Penthesilia, at this point a princess intervened, but alas! with no better fate than the lamented Queen of the Amazons.

	Win.		Wins.
Princess Murat, Count Casablanca,	0	Mr. Morphy,	2

Such a career of victory in any direction is quite enough to turn the heads of all Paris for at least nine days, and it is not surprising that Mr. Morphy should have become for that space of time, the observed of all observers—a lion at home and abroad—in his hotel, at the theatres, on the Boulevard, in short, wherever he appeared. From Paris, Mr. Morphy, we believe, travels east, to meet Mr. Anderson, the Silesian hero of chess. With Herr Vonder Laser, he is not likely to meet just at present, that nobleman being at Rio, in the capacity of Prussian Minister at the Court of Brazil—but if Mr. Morphy should come off victorious from his contest with Mr. Anderson he may fairly claim the chess championship of the world, the heretofore Achilles of English Chess, Mr. Staunton, having hopelessly ruined his position by the very equivocal way in which he retreated from the courteous challenges of his young rival. Lord Lyttleton, who presides at the Birmingham Congress of Chess, comes forward, as we are glad to learn, in the handsomest way, to vindicate the gallantry and good breeding of Mr. Morphy's conduct in the matter, and we may have the satisfaction of feeling that our youthful champion has shown himself to be as much of a man and of a gentleman as of a chess-player.—*New York Times.*

R. R. R.
Mrs. A. S. Lewis S—, a young married lady, and her little daughter, on their return to the city from a visit to an aguey district, was taken down with Fever and Ague. She took large doses of Quinine, Spts. of Mendererl, Cholagogue, &c., but no relief was obtained. Every day at 11 A. M., the chills would come on, and continue till 2 P. M.; then Fever would set in and continue until night; then Hysterics would come on. The young lady being one of our acquaintances, we requested her to try our R. R. R. Her back, spine, head, neck, arms, feet, and the palms of her hands, were well rubbed, and in a few moments she was free from chills.—Three of Radway's Regulators were given; in six hours they operated—since which time she has had no return of the Fever and Ague. One Regulator each day was given the little girl, and the same treatment with the Relief. She has not had a return of Chills since the second day of R. R. treatment.
R. R. R. is sold by Druggists.
R. R. R. is sold by G. Harrington, Bosworth & Son, L. F. Lake, and J. H. Tesch, Milwaukee, and by Druggists everywhere. nov25dsw2w

aug18d238d SEAMAN & WING.

TO THE PUBLIC.
In answer to the numerous letters addressed to me on the subject of the Mustang Liniment, I would say that I have had no connection with that article for several years. It was invented by me, and while put up under my control and supervision, was universally accepted by the public, as the best liniment in the world. In 1854 I sold out my interest in it to other parties, and since that time it has passed through the hands of several persons, most of whom have been so unscrupulous as to manufacture it of inferior and cheaper articles, and thus to entirely destroy its value as a medical remedy, trusting for success in selling to its former highly established reputation. Its present proprietors have gone so far as to substitute other articles in its composition for those in the original prescription, so that the Mustang Liniment now vended possesses no one of the distinguishing characteristics of the genuine article, as it was originally invented and manufactured by me. These parties, to enable themselves with more facility to foist their worthless and injurious article on the public, use *my name* as its sponsor, calling it "Bragg's" Mustang Liniment, and cautioning the public to beware of any other Bragg's Liniment as an imposition. This is done with a view of exciting a prejudice against "BRAGG'S ARCTIC LINIMENT," an article more recently invented by me, and possessing all the virtues of the original Mustang, with some improvements—the result of experience and later discoveries—and manufactured by Bragg & Burrowes, which firm is composed of my son, Oliver T. Bragg, and Michael Burrowes. This article is superior in many respects to the Mustang, when it was put up pure and in good faith, and is immeasurably superior to the article now vended as the Mustang Liniment. It is also the only liniment manufactured to which my name is appended by my authority or consent. In conclusion, I cannot hold myself responsible for any of the evil results of using the Mustang Liniment now vended, and especially after this public disclaimer of any connection with its proprietorship or manufacture.
Respectfully, A. M. BRAGG, M. D.

VICTORIOUS OVER PAIN.
BRAGG'S ARCTIC LINIMENT.

Agony or ease!—Sickness or health!—Life or death!—These are the questions involved in the adoption or rejection of this specific by the martyrs to external diseases and injuries. Having received the indorsement of the distinguished *savan*, the late Dr KANE, and its efficacy tested during two awful Winters in the regions of eternal ice, it is now coming into general use in every section of the civilized globe, and its marvelous cures are everywhere exciting astonishment.

THE AFFLICTED REJOICE.

HUNDREDS and THOUSANDS have tested its virtues, and are rejoicing in freedom from long lingering PAIN and DISEASE, which other remedies had failed to cure. Have you the BRONCHITIS, NEURALGIA, RHEUMATISM, SCROFULA, EARACHE or TOOTH-ACHE—Are you afflicted with OLD SORES—Suffering from BRUISES, SPRAINS, CORNS, SORE EYES, PILES?
THE ARCTIC LINIMENT will afford you instant relief. Everybody is liable to

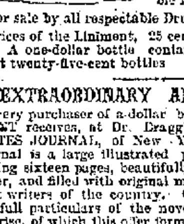
BURNS AND SCALDS.

For these dreadful accidents the ARCTIC LINIMENT should be kept on hand, for it affords sure and immediate relief, often saving from death! Every steamboat and railroad train should keep it. Who that has heard the shrieks of anguish uttered by the scalded and maimed victims of explosions and collisions, does not feel that some means of relieving their torture should always be accessible? Such does exist in this balmy pain controlling agent. It is

THE MOTHERS' COMPANION.

It cures CAKES IN THE BREAST, SORE NIPPLES, SORE LIPS, PIMPLES, &c. Ladies who prize a pure skin, void of pimples, blotches, scurf and all discolorations and excrescences, should attack these trespassers on beauty's domain as soon as they appear with the ARCTIC LINIMENT. It is excellent for the Hair, giving it a healthy glossy appearance. It is

GOOD FOR MAN AND BEAST.



It is a sovereign remedy for the various diseases with which horses are afflicted, curing the most alarming cases of BRUISES, SPRAINS, STRING HALT, WOUNDS, SCRATCHES, SWEENY, SPAVIN, RING BONE, BIG-HEAD, POLL-EVIL, &c. No farmer, livery stable keeper, or any person owning valuable HORSES, should be without this valuable remedy.
For sale by all respectable Druggists and Dealers.
Prices of the Liniment, 25 cents, 50 cents and $1 a bottle. A one-dollar bottle contains as much Liniment as eight twenty-five-cent bottles.

EXTRAORDINARY ANNOUNCEMENT.
Every purchaser of a dollar bottle of the ARCTIC LINIMENT receives, at Dr. Bragg's expense, the UNITED STATES JOURNAL, of New York, for one year. The Journal is a large illustrated paper—each number containing sixteen pages, beautifully printed on clear white paper, and filled with original matter from the most brilliant writers of the country. Certificate of subscription and full particulars of the novel and philanthropic enterprise, of which this offer forms a part, will accompany each bottle.

AYER'S CATHARTIC PILLS.
THE following remedies are offered to the public as the best, most perfect, which medical science can afford. Ayer's Cathartic Pills have been prepared with the utmost skill which the medical profession of this age possesses, and their effects show they have virtues which surpass any combination of medicines hitherto known. Other preparations do more or less good; but this cures such dangerous complaints, so quick and so surely, as to prove an efficacy and power to uproot disease beyond anything which men have known before. By removing the obstructions of the internal organs and stimulating them into a healthy action, they renovate the fountains of life and vigor—health courses anew through the body, and the sick man is well again. They are adapted to disease, and disease only, for when taken by one in health they produce little effect. This is the perfection of medicine. It is antagonistic to disease, and no more. Tender children may take them with impunity. If they are sick they will cure them, if they are well they will do them no harm.
Give them to some patient who has been prostrated with bilious complaint; see his bent-up, tottering form straighten with strength again; see his long-lost appetite return; see his clammy features blossom into health. Give them to some sufferer whose foul blood has burst out in scrofula till his skin is covered with sores; who stands, or sits, or lies in anguish. He has been drenched inside and out with every potion which ingenuity could suggest. Give him these Pills, and mark the effect; see the scabs fall from his body; see the new, fair skin that has grown under them; see the late leper that is clean. Give them to him whose angry humors have planted rheumatism in his joints and bones; move him, and he screeches with pain; he too has been soaked through every muscle of his body with liniments and salves; give him these Pills to purify his blood; they may not cure him, for, alas! there are cases which no mortal power can reach; but mark, he walks with crutches now, and now he walks alone; they have cured him. Give them to the lean, sour, haggard dyspeptic, whose knawing stomach has long ago eaten every smile from his face and every muscle from his body.—See his appetite return, and with it his health; see the new man. See her that was radiant with health and loveliness blasted and too early withering away; want of exercise, or mental anguish, or some lurking disease has deranged the internal organs of digestion, assimilation, or secretion, till they do their office ill. Her blood is vitiated, her health is gone. Give her these Pills to stimulate the vital principle into renewed vigor, to cast out the obstructions, and infuse a new vitality into the blood.—Now look again—the roses blossom on her cheek, and where lately sorrow sat joy bursts forth from every feature. See the sweet infant wasted with worms. Its wan, sickly features tell you without disguise, and painfully distinct, that they are eating its life away. Its pinched-up nose and ears, and restless sleepings, tell the dreadful truth in language which every mother knows. Give it the Pills in large doses to sweep these vile parasites from the body. Now turn again and see the ruddy bloom of childhood. Is it nothing to do these things? Nay, are they not the marvel of this age? And yet they are done around you every day.

THE CELEBRATED HOLLAND REMEDY FOR
DYSPEPSIA,
DISEASE OF THE KIDNEYS,
LIVER COMPLAINT,
WEAKNESS OF ANY KIND,
FEVER AND AGUE,
And the various affections consequent upon a disordered
STOMACH OR LIVER,
Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburns, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles, In all Nervous, Rheumatic and Neuralgic Affections, it has in numerous instances proved highly beneficial, and in others effected a decided cure.
This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Its reputation at home produced its introduction here, the demand commencing with those of the Fatherland scattered over the face of this mighty country, many of whom brought with them and handed down the traditional of its value. *It is now offered to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.*
It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way directly to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and infusing new health and vigor in the system.
READ CAREFULLY!—The Genuine highly concentrated Boerhave's Holland Bitters is put up in half-pint bottles only, and retailed at ONE DOLLAR per bottle. The great demand for this truly wonderful Medicine has induced many imitations, which the public should guard against purchasing.
Beware of Imposition! See that our name is on the label of every bottle before you buy.

A Card from Dr. James W. Jarrett,
OF THE NEW YORK LUNG INFIRMARY.—My connection for the past eight years with the above Institution, as Chief Physician, and a twelve years' course of steady devotion to the cure of Pulmonary Consumption and its kindred diseases, together with my natural 'advantages of pathological research—aided not a little by a perfect system of *Medicated Inhalation*—has enabled me to arrive at a decisive, direct, and successful course of treatment for the positive cure of all diseases of the *Throat, Lungs and Air Passages.* By Inhalation, the vapor and curative properties of medicines are directly addressed to the diseased organs and the integument. I do not advise the use of Medicated Inhalation of any kind, to the exclusion of *general treatment*, and although I consider it a useful adjuvant in the proper management of the pulmonary and oftentimes diseases, yet I deem it very necessary that each patient should have the benefit of both *general and local treatment*. The success of my treatment in the above diseases, and the high character of the Institution over which I have so long had the honor to preside, are too well known to need any eulogy or comment from me. At the solicitation of many private and professional friends, through whose philanthropic aid the above charity has been long and liberally supported, after due consideration, I have concluded to make such arrangements as will bring benefits of my experience and treatment within reach of all, and not to confine myself, as heretofore, to those only who entered the Infirmary, or who were able to visit me at my office. Hoping therefore that the arrangement will give entire satisfaction, both to my professional brethren and the public, I would respectfully announce, in conclusion, that *I can now be consulted personally or by letter*, on all diseases as above, and that the medicines, the same as used in the Institution, prepared to suit each individual case. *Inhaling Vapors, Medicated Inhalers*, &c., &c., will be forwarded to any part of the United States or the Canadas. Terms—My terms for treatment by letter are as follows, viz: $12 per month for each patient, which will include medicine sufficient for one month's use; also, Inhaling Vapor, and an Inhaling Apparatus. Payment as follows: $6 to be paid to Express Agent on receipt of the box of Medicine, and the balance, $6 at the expiration of the month, if the patient be cured or is entirely satisfied with the treatment. Patients, by giving a full history of their case, and their symptoms in full, can be treated as well by letter as by personal examination. Patients availing themselves of Dr. Jarrett's treatment may rely upon immediate and permanent relief, as he seldom has to treat a case over thirty days. Letters for advice promptly answered. For further particulars address, JAMES M. JARRETT, M. D.,
No. 320 Broadway, cor. Twelfth st., N. Y.
P. S.—Physicians and others visiting the city are respectfully invited to call at the Infirmary, where many interesting cases can be witnessed, and where our *improved apparatus* for the inhalation of medicated vapor can be seen and inspected sep9h145d6mo

THE LIVER
INVIGORATOR!
PREPARED BY DR. SANFORD,
COMPOUNDED ENTIRELY FROM GUMS,
IS one of the best purgative and Liver medicines now before the public, that acts as a *Cathartic*, easier, milder and more effectual than any other medicine known. It is not only a *Cathartic*, but a *Liver* remedy, acting first on the *Liver* to eject its morbid matter, then on the stomach and bowels to carry off that matter, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the operations of most *Cathartics*. It strengthens the system at the same time that it purges it; and when taken daily in moderate doses, will strengthen and build it up with unusual rapidity.
The LIVER is one of the principal regulators of the human body; and when it performs its functions well the powers of the system are fully developed. The stomach is almost entirely dependent on the healthy action of the *Liver* for the proper performance of its functions; when the stomach is at fault, the bowels are at fault, and the whole system suffers in consequence of one organ—the LIVER—having ceased to do its duty. For the diseases of that organ, one of the proprietors has made it his study, in a practice of more than twenty years, to find some remedy wherewith to counteract the many derangements to which it is liable.
To prove that this remedy is at last found, any person troubled with LIVER COMPLAINT, in any of its forms, has but to try a bottle, and conviction is certain.
These Gums remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, PURIFYING THE BLOOD, giving tone and health to the whole machinery, removing the cause of the disease, effecting a radical cure.
BILIOUS ATTACKS are cured, AND WHAT IS BETTER, PREVENTED, by the occasional use of the LIVER INVIGORATOR.
One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.
Only one dose taken before retiring prevents NIGHTMARE.
Only one dose, taken at night, loosens the bowels gently, and cures COSTIVENESS.
One dose taken after each meal will cure DYSPEPSIA.
☞ One dose of two teaspoonfuls will always relieve SICK HEADACHE.
One bottle taken for female obstruction removes the cause of the disease, and makes a perfect cure.
Only one dose immediately relieves CHOLIC, while
One dose often repeated is a sure cure for CHOLERA MORBUS, and a preventive of CHOLERA.
☞ Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.
☞ One bottle taken for JAUNDICE removes all sallowness or unnatural color from the skin.
One dose taken a short time before eating gives vigor to the appetite, and makes food digest well.
One dose often repeated cures CHRONIC DIARRHŒA in its worst forms, while SUMMER and BOWEL complaints yield almost to the first dose.
One or two doses cures attacks caused by WORMS in Children; there is no surer, safer, or speedier remedy in the world, as it *never fails*.
☞ A few bottles cures DROPSY, by exciting the absorbents.
We take pleasure in recommending this medicine as a preventive for FEVER AND AGUE, CHILL FEVER, and all FEVERS of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.
ALL WHO USE IT ARE GIVING THEIR UNANIMOUS TESTIMONY IN ITS FAVOR.
☞ MIX WATER IN THE MOUTH WITH THE INVIGORATOR, AND SWALLOW BOTH TOGETHER.
THE LIVER INVIGORATOR
IS A SCIENTIFIC MEDICAL DISCOVERY, and is daily working cures almost too great to believe. It cures as if by magic, *even the first dose giving benefit*, and seldom more than one bottle is required to cure any kind of LIVER Complaint, from the worst *Jaundice* or *Dyspepsia* to a common *Headache*, all of which are the result of a DISEASED LIVER.
PRICE ONE DOLLAR PER BOTTLE.

COMMERCIAL & FINANCIAL.

OFFICE OF THE DAILY SENTINEL, Wednesday Evening, Dec. 1, 1858.

MONEY MATTERS.—The most notable features in the money market at the present time are a scarcity of Currency, and a super-abundance of Exchange, the latter being the result of the former. The same state of things exists at Chicago and elsewhere throughout the west. The *Press & Tribune* tells us that during the past week persons have sold Exchange in the street at par, so anxious were they to convert it, in order to operate in pork.—There is a prospect, however, of Currency becoming plentier and the market easier. Bank discounts are 10 per cent. The Banks are not discounting to any great extent, except for their regular customers. Outside rates range from 1½ to 2 per cent per month, according to reliability of collaterals.

We take the following from the *Gazette*, relative to financial affairs at Cincinnati:

There is a continued active demand for money, and rates of interest are firm at 10a12 per cent. Regular houses are still taking nearly all the paper offered by customers, but the scarcity of Currency is beginning to make a marked impression on the discount market, more, however, with reference to the immediate future than the present. Both ends do not, now, much more than meet, and the tension is steadily increasing; but bankers are as liberal as possible with accommodations, in anticipation of an early and heavy influx of currency.

COMMERCIAL.—The market for wheat was quiet to-day at about yesterday's prices for No. 1 spring, the range being 70a72c. Extra club is 1a2c lower, with very moderate sales. Millers appear to be out of the market to-day, and the general impression seems to be that extra will settle down to about 80c, unless the market is stimulated by some means not now apparent. At present the chances are in favor of a still further decline than any improvement upon the prices. Receipts of grain are slightly improving. There is no change in flour, and the market remains quiet. Barley, rye, oats, and corn are without important change. The receipts of pork are below yesterday's figures, but the market continues firm with an upward tendency, and in some instances heavy hogs sold this afternoon, at an advance of 10a15c on our last quotations. The sales show a range in prices of $4,25a$5,80. There were not many hogs on the market, and sales are comparatively small.

The Cincinnati *Gazette* of Tuesday, contains the following in relation to the pork market:

The weather has been rather unfavorable for pork packing since Saturday, which had some influence upon the market to-day, the trade being quiet. Prices, however, were not lower. There were sales on Saturday evening, which we noticed as pending when we closed our last report, of 1,500 head, averaging 230 to 240 lbs at $7. Those, with another lot of 500 at $6,75, were taken by Boston operators. To-day, light hogs were dull at $6,25a$6,20, and dealers were not much disposed to purchase 210 to 230 at averages at over $6,75a$6,80, although holders were mostly quite firm at $7. The sales noted are the first legitimate transactions that have taken place at $7. We now quote the different grades of hogs as follows:

Averaging 140 to 170 lbs	$6,25
do 180 to 200 lbs	6,80
do 240 to 215 lbs	$6,50a6,75
do 283 to 250 lbs	6,80a7,00

The offerings to-day were not large, but there was more disposition to sell than to buy at prices within the range of quotations. The receipts since Saturday comprise about ... 8,000

Previously reported	152,151
Total since Nov. 1st	160,851

Estimating the receipts for the next 24 hours at 10,000, and the business, so far this year, compares as follows with previous seasons:

This season	162,831
Last season to Dec. 1	95,061
Same time 1856	129,828
Same time 1855	181,063
Same time 1854	105,588
Same time 1853	189,210

Shipments of grain and flour to the lower lakes have about drawn to a close for the season. The stock of breadstuffs in store at Buffalo, our exchanges from that city say is very light, but give us no figures.

The following are the principal receipts by Railroad to-day:

MORE TO BE ADMIRED THAN THE *RICHEST DIADEM* EVER Worn by Kings or Emperors.

WHAT? WHY A BEAUTIFUL HEAD OF HAIR.

Because it is the ornament *God Himself* provided for all our race. Reader, although the rose may bloom ever so brightly on the glowing cheek, the eye be ever so sparkling, the teeth be those of pearls, if the head is bereft of its covering, or the hair be snarled and shriveled, *harsh* and *dry*, or worse still, if sprinkled with gray, nature will lose more than half her charms. Prof. Wood's Hair Restorative, if used two or three times a week, will restore and permanently secure to all such an ornament. Read the following and judge. The writer of the first is the celebrated Pianist, Thalberg:

DR. WOOD:— NEW YORK, April 19th, 1858.

Dear Sir: Permit me to express to you the obligation I am under for the entire restoration of my hair to its original color. About the time of my arrival in the United States it was rapidly becoming gray, but upon the application of your Hair Restorative, it soon recovered its former hue. I consider your Hair Restorative as a very wonderful invention—quite efficacious as well as agreeable. I am, dearsir, yours truly, S. THALBERG.

"Drych a'r Gwyliedydd."

WELSH NEWSPAPER OFFICE, 113 Nassau st., April 12, 1858.

PROF. O. J. WOOD—*Dear Sir*: Some month or six weeks ago I received a bottle of your Hair Restorative and gave it to my wife, who concluded to try it on her hair, little thinking at the time that it would restore the gray hair to its original color; but to her, as well as my surprise, after a few weeks' trial it has performed that wonderful effect by turning all the gray hair back to brown, at the same time beautifying and thickening the hair. I strongly recommend the above Restorative to all persons in want of such a change in their hair.

CHARLES CARDEW.

NEW YORK, July 25, 1857.

PROF. O. J. WOOD: With confidence do I recommend your Hair Restorative, as being a most efficacious article I ever saw. Since using your Hair Restorative my hair and whiskers, which were almost white, have gradually grown dark; and I now feel confident that a few more applications will restore them to their natural color. It has also relieved me of all dandruff and unpleasant itching, so common among persons who perspire freely. J. G. KILBY.

PROF. WOOD—About two years ago my hair commenced falling off and turning gray; I was fast becoming bald, and had tried many Remedies to no effect. I commenced using your Restorative in January last. A few applications fastened my hair firmly. It began to fill up, grew out, and turned back to its former color, black. At this time it is fully restored to its original color, health and appearance, and I cheerfully recommend its use to all. J. D. HOES.

Chicago, Ill., May 1, 1857.

The Restorative is put up in bottles of 3 sizes, viz: large, medium and small; the small holds ½ a pint, and retails for one dollar per bottle; the medium holds at least 20 per cent more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent more in proportion, and retails for $3.

MEDICAL.

THE GREATEST MEDICAL DISCOVERY OF THE AGE.

MR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures

EVERY KIND OF HUMOR, FROM THE WORST SCROFULA DOWN TO A COMMON PIMPLE.

He has tried it in over eleven hundred cases, and never failed except in two cases, both thunder humor. He has now in his possession over one hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two or three bottles will clear the system of biles.

Two bottles are warranted to cure the worst canker in the stomach.

Three or five bottles are warranted to cure the worst kind of Erysipelas.

One to two bottles are warranted to cure all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruptions of the skin.

Two or three bottles are warranted to cure the worst kind of ringworm.

Two or three bottles are warranted to cure the most desperate case of rheumatism.

Three or four bottles are warranted to cure salt rheum.

Five to eight bottles will cure the worst case scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

ROXBURY, Mass.

DEAR MADAM:—The reputation of the Medical Discovery, in curing all kinds of humors, is so well established, by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skillful physicians and the most careful Druggists in the country are unanimous in its praise.

In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative powers, in relieving all, and curing most of the diseases to which you are unfortunately so liable. That most excruciating disease to an affectionate mother,

NURSING SORE MOUTH,

is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and fretful naps to calm and sweet slumbers; and the Medical Discovery becomes a fountain of blessings to your husband and household.

In the more advanced stages of

CANKER

it extends to the stomach, causing

DYSPEPSIA

which is nothing but canker on the stomach; then to the intestines and

KIDNEYS

creating a sinking, gone feeling, and an indifference even to the cares of your family.

Your stomach is

RAW AND INFLAMED,

your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains, as the acrimonious fluid of the canker eats it up; then your complexion loses its bloom and becomes sallow or greenish, and your best day is gone. For want of nourishment your system becomes loose and flabby, and the fibres of your body become relaxed. Then follow a train of diseases which the Medical Discovery is peculiarly adapted to

CURE;

Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip-joint when you retire, irregularity of the bowels, and also that most excruciating of diseases the

PILES.

How many thousands of poor women are suffering from this disease and pining away a miserable life, and their next door neighbor does not know the cause. I wish to impress on your mind that good old proverb, "an ounce of prevention is better than a pound of cure." In the

MEDICAL DISCOVERY

you have both the preventative and the cure, with this great and good quality, that it will never, under any circumstances, do you an injury. Yours truly,

DONALD KENNEDY.

RADWAY'S REGULATING PILLS.

DR. RADWAY & CO. have recently discovered a method for extracting from roots, herbs, plants and gums a nutritious extract of such wonderful nourishing power—which they have combined with Radway's Regulating Pills—that six of these pills will supply the blood with the same amount of nutrition as one ounce of ordinary bread; so that while the system is undergoing a thorough physicing, and regulating process, it daily becomes strengthened.

Persons afflicted with Liver Complaint, Dyspepsia, Heart Disease, Fullness of Blood, and all Females who are subject to Irregularities, Hysteria, &c., are particularly recommended to use these Pills. They are pleasant to take—elegantly coated with gum—free from taste and will not gripe, sicken or weaken the system, or leave the bowels costive. Mothers nursing should likewise take one or two of these Pills once or twice per week. They will not only keep your system healthy and regular, but will protect your infants against Cramps and Pains in the stomach, and insure not only a healthy child, but will invest every child, thus suckled, with a sweet disposition.
